Professor S. W. Cutting,

Decartment of German,

University of Chicago.

Dear Professor Cutting:

pains that you have taken to give me a full account of those whose names you mentioned to me when I was in Chicago. They seem to be excellent men, almost any one of whom we might in other circumstances aim to secure. I am afraid, however, that until the war is over we shall have to content ourselves with taking some one who is not a Cerman. You know we had our troubles here this last winter, and I no not wish to revive them. The name of Nr. Campbell seems to me to te most promising, and I will at once consult with Professor Needler about the matter. I am getting information also from certain other ourselves, so that I nope to be in a position to fill our place for the opening of next session. Neantime clease accept my warmest thanks for this additional courtesy.

Yours sincerely,

Professor Cutting,

University of Chicago.

Dear Professor Cutting:

Professor R. W. Wueller. 'It looks to se as though recent events are making the situation even for naturalised German citizens increasingly difficult, and if he could get a position in the United States, where he could begin anew it would be more satisfactory for him and for us. He has been on our staff for nine years, holding the associate professorship for two years, and is an excellent teacher as well as a very hard worker. I know that if you can think of any way in which we can get relief you will help se.

With kind regards, I am,

Yours sincerely,

President.
